Your GSSG Hosts

Mike Singleton has been with the GSSG from the start. Most of you know him well. Mike has flown more Sonex than anyone in Texas, and many of us got our first ride in a Sonex from him. He has built (from plans) N148MS, he test flew it 6/12/2005. Always willing to help with any Sonex related stuff, he has become a valuable Sonex information resource.

Robert Barber got hooked in 2004 after visiting Mike and taking a ride in Larry Perryman's Sonex. Money started flowing when the Sonex turned crosswind. He has attended every GSSG since 2004. Also a plans builder, Robert first flew N157SX 3/29/2009. Also eager to assist, Robert hopes to help with your Sonex project any way he can.

The goal of every Sonex Builder!

Planned Events

Coffee and Donuts

Coffee and donuts for early arrivals starting at 8:00 AM

Lunch

Lunch will be available - most likely hotdogs but we will have some alternate food available for those that cannot/do not want to eat hotdogs. Expect around 12:00 or so.

Door Prizes

Door prize drawings will be held after lunch, expected around 1:00 PM

Sonex Flight Discussion

Panel discussion on Sonex flight characteristics. Time to be determined.

Construction Seminar

Wing rib construction demonstration and possibly other demonstrations. Let us know if you have a particular interest.

Sonex Rides

Sonex Rides as weather and pilot fatigue permits.

Non Sonex attractions

Hard to believe, but some of our spouses would rather do something else! Local attractions include Messina Hoff Winery is just off the end of rwy 15. Historic downtown Bryan is about 3.5 miles away, and the Bush Presidential Library about 6 miles away.

Landing Scores

Our hanger provides an excellent view of RWY 15, so score cards will be issued for your enjoyment. Try not to laugh too much. You will be graded too!

The Gathering...

This year the 7th Annual Great Southern Sonex Gathering will be held on November 7th at Coulter Field in Bryan, Texas. Time will be 8:00 to 4:00 (or later).

This event has been growing each year and is a great opportunity to see and touch the aircraft (with owner's permission of course), talk with the builders and pilots, sit in the planes to see how you fit, and have a good time visiting with some wonderful people. Began 7 years ago by Mike Singleton and Larry Perryman, the Great Southern Sonex Gathering has grown every year and recruited many a Sonex builder/flier.

So, if you are at all interested in Sonex aircraft (Sonex, Waix, or Xenos), or are just want somewhere to go Saturday, November 7th, come by and have some Sonex Fun!

Please let us know if you are planning on coming, and how many will be coming with you. We need as accurate a head count as possible to make the event run as smoothly as possible.
